GSA-FUND-01 | FOR FAMILIES

Start with a conversation

A clear path from your first inquiry to the right GSA service.

COMPANY / LEGAL PROVIDER:	Functional Speed Academy LLC
PROGRAM / SERVICE NAME:	Golden Strength Academy (GSA), one of FSA LLC's programs
TRAINING LOCATION ONLY:	ICON Fitness Studio, 38397 Innovation Ct, Suite 104, Murrieta, CA 92563

Approvals and payments name Functional Speed Academy LLC, not GSA or ICON alone.

OUR WHY

We believe everyone deserves the opportunity to live their best life. Movement is our vehicle for connection, confidence, choice and belonging.

1 Request a discovery call

Tell us how to reach you. Our coaching team will follow up to arrange a time to talk.

2 Tell us a little about your athlete

Complete Getting to Know You before or after our conversation, whichever is easier.
You never need to complete a form just to talk with us.

3 Meet the team and explore a first visit

Anyone can arrange to meet us. Group families can try a class. Private coaching starts with a 75-minute assessment ($175). Complete the first-visit waiver before taking part in either session.

4 Complete athlete onboarding when invited

Our team emails your recommended service, rates and next steps. Funded services start after the right written authorization and registration. We confirm your place or let you know if your time is full.

ONE SIMPLE NEXT STEP

If you already visited, **reply with your caseworker or FMS name.** We will check provider setup, guide the authorization request and coordinate coaching after approval.

For caseworkers and FMS teams

Use this page with the participant-specific email or service authorization summary.

LEGAL COMPANY / PROVIDER / PAYEE: Functional Speed Academy LLC
GSA: one of FSA LLC's programs **ICON:** training location only

IMPORTANT ENTITY DISTINCTION

Functional Speed Academy LLC is the company, legal service provider and payee. **GSA** is one of its programs. **ICON Fitness Studio** is the delivery location only. An existing approval naming ICON does **not** establish authorization for FSA LLC.

Confirm these four items, in order

1 Funding pathway

Identify IRC/Regional Center, Self-Determination Program (SDP) with FMS, participant-directed reimbursement or direct pay. Do not assume all pathways use the same service code or billing process.

2 Provider enrollment or setup

Check whether **Functional Speed Academy LLC** is already approved in this FMS/vendor system. If not, tell us which provider documents, agreement or registration steps are required. This is separate from participant service approval.

3 Person-specific service request

Confirm participant/IPP goal, desired activity, needed adaptations, supervision, service rationale, Group/Private frequency, 60-minute units, dates, rates, monthly limit and any one-time assessment. GSA supplies the individualized proposal.

4 Written authorization before service

Confirm the **legal provider name**, approved service and category/code (when required), units/frequency, approved amount, effective dates, billing route and payment conditions. Return the written approval to GSA for scheduling and onboarding.

ABOUT SDP CODE 331

Community Integration Supports (331) may fit certain individualized **SDP** goals involving skills for integrated community participation. The planning team/FMS must confirm its applicability. It is not GSA's automatic code, nor a default code for other funding routes.

Reference guidance: DDS POS · DDS social recreation · SCDD code 331

HEALTH PLANS / IEHP: SEPARATE APPROVAL

A health plan must confirm its own covered benefit, member and provider eligibility, and any required authorization. IRC or SDP approval does not establish IEHP coverage or a health-plan contract. Private pay does not guarantee reimbursement.
